

Science Day

November 29 2006 - Riverglenn, 70 Kate St, Indooroopilly

The National Action Plan for Salinity and Water Quality Achievements in Science

Call for Abstracts

The scientific achievements of the National Action Plan for Salinity and Water Quality's Queensland State -level Investment Projects (SIPs) will be showcased at a science day on the 29th of November.

As a science provider for the NAP program you are invited to present the outcomes of your work to your colleagues and the broader scientific community.

Presentations

Who should present: Anyone with a scientific achievement or product generated through the National Action Plan for Salinity and Water Quality SIP process.

How to submit an abstract: Abstracts of less than 250 words, including title and author details should be submitted to ralph.dowling@epa.qld.gov.au by the 6th of October. An abstract template is downloadable from www.wqonline.info. Notifications of acceptance will be given by the 20th of October.

Abstracts will be bound into conference proceedings that will be available on the day. Authors of accepted abstracts will be required to provide a 15 minute oral presentation.
